

## State Policy Representative

Report November 13, 2009

1. Attended two ADA conference calls regarding public policy activities and legislative contacts.
2. Attended three meetings with ADA Public Policy staff during FNCE in Denver, CO.
3. Traveled to the Northeast District Dietetic Association on November 6, 2009 and to the Central District Dietetic Association meeting on November 10, 2009 to discuss state public policy goals and issues. Plans are underway for a March 2010 day at the capitol with members contacting their respective representatives. Urged all attendees to go to the Public Policy/Advocacy section of the ADA website for more background information. Asked those in attendance to respond to the ADA survey on Health Care Reform and learn ADA's vision for the future of healthcare and the RD.
4. Plan to visit the SCCDDA, the Gulf Coast District and the Northwest district ASAP with same message. Karen Lewis and I will coordinate these visits.

Respectfully Submitted,

Kathy W. Warwick, RD/CDE
